About Amata Plant

To support the widespread application of stainless steel and ensure optimal efficiency in inventory management in terms of lead-time from order to delivery, thus maximizing cost efficiency for customers. POSCO-Thainox set up "Amata plant" as the service and distribution center at Amata Nakorn Industrial Estate, Phase 4, Chonburi Province. The center offers stainless steel cut-to-length and slit-to-size as well as Hair Line and No.4 polishing services depending on customer needs.

- Operation** Since May 28, 2013
- Factory Area** 15,500 sqm
- Activities**
- Supply finished stainless steel products to meet industrial and customer demands
 - Manage stocks and provide "just-in-time" delivery to customers
- Main Strength**
- Serve both large- and small-quantity orders of stainless steel products in various customized sizes
 - Provide customers with "just-in-time" delivery and efficient stock management services, due to advantageous geographical location at the center of Thailand industrial manufacturing base
 - Ensure reliable guarantee of product and service quality with quick response to claims by POSCO-Thainox's professional team

Production Facilities
