

Mr. Nakarin Vutipow

Address:	1/2 Village No.1 Noen Phra, Muang Rayong, Rayong, 21000	Birth Date:	12 October 1995
Telephone Numbers:	086-376-2418	Military Status:	Exempted with ROTC
Email address:	nakarin.v@ku.th	Expected Salary:	THB 20,000
		Start Date:	Immediately

Career Objective

Use knowledge and experience from research with a metal materials including metal processing, material strengthening mechanisms, characterization analysis, nondestructive testing, failure analysis and English communication skills to benefit the work in a position relating to metallurgical engineer or research and development engineer.

Education

Master of Engineering in Materials Engineering, Kasetsart University, Bangkok, Thailand, 2020 (pending), GPA 3.78

- (Pending due to waiting for research paper to be accepted and published.)

Bachelor of Engineering in Materials Engineering, Kasetsart University, Bangkok, Thailand, 2018, GPA 3.26

Work Experience

Internship, Materials Testing and Analysis Department, Iron and Steel Institute of Thailand, June 2017 - July 2017

- Processing, mechanical testing, chemical composition analysis and microstructure analysis of metal materials.

Extracurricular Activities

Staff, "Asian Pacific Corrosion Control Conference (APCCC)", 2018

- Working at the registration point. Welcoming and informing various information to participants.

Activity president, "Review Knowledge of Materials Science", Kasetsart University, 2016

- Teaching materials science for engineers and physical metallurgy courses.

Staff, "First Step toward New Era Graduates", Kasetsart University, 2015

- Welcoming and giving information about the Faculty of Engineering, Kasetsart University to participants.

Skills

- Languages: Thai (Native), English (TOEIC score 910)
- Computer skills
 - Microsoft Office (Word, PowerPoint, Excel), able to use Microsoft Excel for complex calculations
 - Photoshop, able to create and edit computer graphic at a moderate level
- Have a car driver's license
- Fast Learner and good at knowledge transfer

Hobbies and Interests

- Practice Japanese languages skills
- Create computer graphics and videos
