

PANNAWICH KESTHUBTHIM

Materials Engineer

 086-4149517

 Pannawich.95@gmail.com
Pannawichkesthubthim@gmail.com

 Samutsakhon, Thailand

 Line ID: Song098765

SKILLS

- Good leadership skills
- Skillful at mathematics
- High self-improvement
- Never give up
- Considerate
- Sympathetic
- Strong Communication

EDUCATION

SECONDARY SCHOOL

kornpitacksuksa school

2014-2019

BACHELOR OF ENGINEERING

King Mongkut's University of
Technology North Bangkok

2020 - 2023

PROFILE

As a metallurgical engineer, I am deeply passionate about all things related to metal. I am driven by creative ideas and always embrace being true to myself in every situation.

EXPERIENCE

INTERNSHIP MATERIALS ENGINEER

POSCO-THIANOX Public Company Limited , Rayong

May 2023- Jun 2023

- Compare the microstructure and mechanical properties of 304 stainless steel after cold rolling by annealing process.
- Follow the senior engineer to check the temperature and speed in the Annealing and Pickling of Final (APF) line to ensure they meet the standards.
- Learned all the processes at POSCO-THAINOX

MY PROJECTS : INFLUENCE OF SILICON CONTENT IN HOT-ROLLED STEEL ON OXIDATION BEHAVIOR AT HIGH TEMPERATURES

King Mongkut's University of Technology North Bangkok

- Understanding oxidation behavior in atmospheric conditions for scale forming on hot-rolled silicon containing steel.
- To control the composition of silicon in hot-rolled steel sheets for optimal resistance to oxidation.
